

GOVERNMENT OF THE DISTRICT OF COLUMBIA  
District Department of the Environment

Office of the Director

May 7, 2008

**VIA E-MAIL AND FIRST-CLASS MAIL**

Judson C. Polikoff  
Assistant Secretary, Chevron, U.S.A. Inc.  
Environment Management Company  
Marketing Business Unit  
2300 Windy Ridge Pkwy, Suite 575 So.  
Atlanta, GA 30339

Re: Chevron Gasoline Spill at Chillum, MD/Riggs Park, Washington, D.C. – 5846 Eastern Ave.

Dear Mr. Polikoff:

Thank you for your letters dated April 2 and 18, 2008, responding to my information request for information, which included a request that Chevron provide the results of all samples collected and all analytes evaluated using EPA Test Method TO-15. The District would indeed appreciate being provided copies of the archived chromatograph data which may identify compounds other than gasoline-range organics ("GRO"). While the District is not seeking Chevron's review and analysis of non-GRO peaks, the District will of course consider whatever Chevron wishes to provide, and acknowledges Chevron's observations as to the utility of such data.

We appreciate your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "George S. Hawkins".

George S. Hawkins  
Director
